

The Black Diamond Crucible

May 28th, 2021 @ 8:00 AM PST

An event like no other, providing unconditional support to the families of our fallen service members and our wounded veterans.

This event supports programs organized by the Marine Reconnaissance Foundation (MRF) Dedicated to supporting the Marine Reconnaissance Community. All funds and proceeds raised directly support MRF programs.

What is the Black Diamond Crucible?

In the spirit of the United States Marine Corps' Reconnaissance tradition, the Black Diamond Crucible is an event that will combine parachute operations and physical endurance. The event begins with a freefall parachute jump at Bay Area Skydiving in Byron California (6901 Falcon Way, Byron) followed by a 25+ mile hike from Byron to Clayton. Our participants will enjoy a well-deserved reception at the Oakhurst Country Club in Clayton (1001 Peacock Creek Dr, Clayton) upon completion of the hike.

The parachute jump is an *optional part* of the event reserved for licensed skydivers or participants interested in a tandem sky dive with a certified instructor.

HIKE OPTIONS: 5, 10, and 15 mile hike options are available providing an opportunity for everyone to experience the event.

Who is organizing the Black Diamond Crucible?

U.S. Marine Lieutenant Colonel (retired) Mike Hudson is a resident of Concord. He served for 25 years as an infantry officer and reconnaissance Marine and is always looking for a challenge and opportunities to support the families of our fallen service members and wounded warriors. Mike is joined by fellow Marines, Eddie Wright and Steve Mason. Eddie is a highly decorated combat Marine and wounded veteran who thrives on pushing himself to the limit. Steve is a combat Marine and skilled skydiver, dedicated to supporting veterans and the families of our fallen service members.
